

Special thanks to the [San Diego County Credit Union](#) (University City/Regents) and Manager Barbara Bush ([photo](#)) who – for the third year – has run a very successful food drive for [ParentCare's](#) Mother Hubbard's Cupboard. This project helps children and parents who need emergency food and supplies, and in this economy, there are many in that situation.

In 2007 Mother Hubbard's Cupboard ([flyer](#)) was established by the San Diego Women's Foundation to provide an important resource for families living at or below the poverty line. We appreciate all those who contributed to the food drive and thank the San Diego County Credit Union for their friendship and support!
