VISTA HILL PROGRAMS

SAFIR (Supporting Adolescents and Families in Recovery) is an ongoing family support group for adolescents aged 12-18 and their parents. Our approach brings the family together to find solutions by working through emotional and social issues to develop alternatives to alcohol, drug, and tobacco abuse.

Don Allen ParentCare Family Recovery Center is an outpatient alcohol and drug-treatment program for women who are pregnant or with young children. Focused on helping mothers achieve a sober, drug-free lifestyle, primary goals are to ensure that babies are born free of drugs and alcohol, and that children grow up in healthy families.

Stein Education Center serves students with Autism, Developmental Disabilities, Severe Emotional Disturbance, or Multi-Handicaps by providing individualized educational and behavioral programs. A nearly one-on-one student-to-staff ratio is utilized involving special education teachers and aides, speech and occupational therapists and counseling staff.

Vista Hill Mission Statement

To enhance and improve the quality of life for families and individuals of all ages by providing an array of mental/behavioral health, educational and social services in a fiscally responsible manner.

The greatest compliment you can give an institution is an unrestricted gift. It shows faith in how the organization utilizes its resources. For more information or to donate, please contact Ann L. Mound, Executive Director and VP, Development, Friends of Vista Hill at 858.514.5151
