School Accountability Report Card
Reported Using Data from the 2016–17 School Year

For: *Sam & Rose Stein Education Center- Decena Site*

Address: 6145 Decena Dr
Principal: Ms. Chayo Chavez

Phone: 619-281-5511
Grade Span: K-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Throughout this document the letters DPL mean data provided by the LEA, and the letters DPC mean data provided by the CDE.

School Description and Mission Statement (School Year 2017–18)

The Stein Education Center - Decena Site; provides highly individualized instruction and a structured behavior management program for students with specialized educational needs, who may be diagnosed with autism spectrum disorders, intellectual disabilities, emotional disturbance, and/or multiple disabilities. The program is co-educational and serves students ranging in age from 5 to 22 years.

Class size may be up to 12 students under the direction of a moderate/severe certified Special Education Teacher. There is a rich staff to student ratio which makes it possible to provide 1:1 instruction as it is needed, in addition, Speech Therapy, Occupational Therapy and Counseling are an integral part of the program. All educational and behavioral programs are developed and monitored by a multi-disciplinary team. Applied academics, functional skill development, and vocational and community based instruction are all part of the program. During the 2016 - 2017 school year, there were 12 classrooms with the capacity to serve up to 144 students.

Students who are 16 years old or older may participate in the Workability Program (a program funded yearly by a government grant) which focuses on teaching work related skills. Students may be eligible to participate in volunteer work and/or paid employment. In addition to the Stein Education Program – Decena Site, there is a Stein Transition Program, on the same campus, which serves students from the age of 18 to 22 years.

MISSION STATEMENT

The Stein Education Center is committed to serving individuals with significant special needs through comprehensive educational and training programs designed to develop skills needed to experience an improved quality of life in the least restrictive environment.

A. Conditions of Learning**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

The Stein Education Center – Decena Site is in good condition. The school is attractively painted and well-maintained. We have a maintenance crew that is always available to address any school needs on a timely and efficient manner. Classroom and school-wide cleaning is conducted by a professional cleaning crew daily which helps to provide an inviting and welcoming atmosphere to students, parents, staff and visitors. We have a professional landscaping crew that comes in weekly and maintains our school landscape looking beautiful and well maintained. An Arborist comes regularly to inspect our trees throughout the campus and quickly addresses any arbor issues that may arise throughout the year. All our classrooms have updated safety glass and have been remodeled in the recent years to add to the pleasant appearance and improved functionality in the classrooms.

In regards to facility improvements, during 2016-2017, classrooms 6-10, and areas of the Transition classrooms and Rooms 13 and 14 were newly repainted. The stairwells and walking ramp to classrooms 13 - 14, were replaced with beautiful aluminum ramps and stairwells, which really enhanced the appearance of that modular and the school as a whole.

During 2016, the HVAC unit was replaced in our Speech Department. We upgraded the electrical system in rooms 1 – 5, and San Diego Unified School District (SDUSD) replaced and upgraded the schools fire alarm system. Please note that we lease our property from SDUSD.

In 2017 we replaced our accordion room divider between the Occupational Therapy Department and the staff lounge/SCS area, with a brand new modern sound proof room divider.

We are planning to purchase another mini-van for the school in 2018, to assist with transporting our students to work sites and field trips throughout the year. We are also planning to install a new fenced in leisure area by the Transition Program to allow for a secure leisure area for our students. For picnicking and outside play and leisure.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: January 2018

System Inspected	Repair Needed and Action Taken or Planned			
	Good	Fair	Poor	
Systems: Gas Leaks, Mechanical/HVAC, Sewer	X			
Interior: Interior Surfaces	X			Stein repainted rooms 6 – 10 in 2016, and rooms 13 – 14.
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	X			Stein contracts with a Pest control company that comes out monthly to service our school site.

Electrical: Electrical	X			
Restrooms/Fountains: Restrooms, Sinks/ Fountains	X			SDUSD came out in 2016 to inspect the drinking fountains for lead in the water and Stein came out lead-free.
Safety: Fire Safety, Hazardous Materials	X			SDUSD replaced all the fire alarm pull stations in 2016 – 17, and installed new smoke detectors and a new fire alarm system for the school. All fire extinguishers get serviced yearly.
Structural: Structural Damage, Roofs		X		SDUSD will be installing a new roof on the entire school site (March – September of 2018), when students are not in attendance. To include installing new covered walkways
External: Playground/School Grounds, Windows/ Doors/Gates/Fences		X		Stein is planning to resurface the blacktop during the summer of 2018. Some trees in front of the school and in front of SCS were cut back as part of our yearly arbor upgrades. Weeds throughout the school are cut back regularly to avoid any fire hazards.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

- *Job readiness skills are incorporated into specific student's weekly curriculum and designed to help our students with moderate to severe intellectual and developmental delays achieve their maximum skill levels in a variety of employment settings, both in a volunteer and possibly paid employment environment.*
- *Stein designs specialized vocational and prevocational opportunities to aide and teach necessary skill sets related to career development, designed toward the functioning level of each specific student.*
- *Stein also has a "Work Training Room," which is set up to help students practice and develop some specific employment skills such as: shredding paper, stocking shelves, hanging and/or folding clothes and placing items on hooks, et cetera.*

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017–18)

Parents are encouraged to become members of the “Stein Helping Hands Group,” which consists of a group of teachers and parents that meet monthly (3rd Tuesday of every month) to discuss ways to support school events and fundraise for the school. The Group currently supports the Annual Winter Holiday Show, Halloween and Valentine’s events, the school’s Annual Prom and Stein Family Carnival.

During this past year, a “Seamstress Group” was developed, a sub-group from those participating in the Stein Helping Hands Group, with a current mission to support the school by making a variety of different weighted blankets to meet the various sensory needs of our students.

Interested parents may also speak with their child’s classroom teacher about volunteering to accompany the class on field trips and/or support the classroom with specific fundraising needs. As well, parents are always welcome to observe their child’s classroom.

Parents are able to schedule an appointment with our consulting psychiatrist related to addressing their child’s medication management. Parents are encouraged to regularly meet with our professional staff, such as their child’s Occupational Therapist, Speech and Language Therapist, or school Counselor; who are readily available to address any of their questions or concerns.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

Types of Services Funded (Fiscal Year 2016–17)

Stein Education Center is a nonpublic school that serves students currently from 19 different school districts throughout the County of San Diego. Students are referred to Stein because they have not been successful in other public and/or nonpublic school settings, usually because of their significantly challenging maladaptive behaviors. All the students referred to Stein come to us with IEPs.

Our school has an all-inclusive rate, thus, students have the support of a highly specialized professional staff, to include, a certified moderate to severe teacher, highly trained functional skills assistant, and program aides. Other services included within the funding rate at Stein include Occupational Therapy, Speech and Language Services, and Individualized and Group Counseling.

An Intensive Individual Aide may be funded by the student's district, via the IEP Process, at an additional cost, for extreme cases in which a student may require 100% 1:1 instruction, at all times, due to behavioral and/or health and safety concerns.

Psychiatric services for medication monitoring and evaluation are provided and conducted by a certified, licensed and highly trained Psychiatrist.

We also offer WorkAbility and a site based and community based Transitional Program.

Some of our students may qualify for reduced or free lunches, under the National School Lunch and School Breakfast Program

Professional Development

- *Teachers and therapists attend trainings and workshops presented by school districts, the County office of Education, local SELPAs and other professional and statewide agencies yearly. Professional staff will typically attend approximately 3 – 5 days of off campus training per year.*
- *In-house staff development is an ongoing part of our professional developmental as well, so after attending professional conferences and workshops, a forum is set up for the sharing and dissemination of conference material and subject matter learned for the other professional staff at Stein. Our objective is to always stay up to date on new research based approaches and services that may enhance our school based services to serve our students with Intellectual and Developmental Delays.*
- *In March of 2017, an all staff training was conducted by a professional trainer on our campus on the subject matter of “Common Core with Moderate to Severe Learners and their IEP’s” and in June of 2017, another professional trainer was brought in for an all day Saturday training to do a workshop on “Social Thinking.”*
- *We have three trained teachers that have recently completed the training given by the North Coastal Consortium which is entitled, “The Special Education Behavior Intervention Training Series (NBITS) and they are our Stein’s BICM’s and their role is to review and support the PBIPs (Positive Behavior Intervention Plans) that are written for the students in the different divisions.*
- *Stein has a BCBA (Board Certified Behavior Analyst) who also has her moderate to severe teaching credential and numerous years of experience at Stein, to support our teachers with behavior management, FAA’s, IEPs, and to be the liaison between the various school districts. She also does a lot of the training and oversight for our new teachers.*
- *Internship Programs have been established with three local institutions of higher learning. National*

University, San Diego State University, and Point Loma Nazarene.

- *Teachers are also supported by our weekly Division BIP Meetings that are set up to discuss student behavior plans and progress. This is an interdisciplinary team approach in which teachers, therapists (SLPs and OTs), and the school counselor meet and collectively collaborate on student's progress and/or behavioral needs.*
